

## AMM Presentation 1

**Best Sourcing and Remarketing Platform**  
**Summary**

Aviation Match Maker ("AMM") is the Best Source and Remarketing Interactive Platform for Commercial Aviation Professionals and Companies. It starts with Major Assets, Flights and CRM Modules and aims to expand into Parts, Maintenance, Airport Service Providers, Data and Negotiation Modules later on.

AMM currently contains tens of millions of global market intelligence data and will gradually extend its coverage with the application of AI in the near future.

AMM is a bootstrapping project owned by tSt Aviation, having extensive experience in Assets and Flights Trading with the track record of more than USD7.0b and experience in consulting and representing leading commercial aviation companies, including Aircraft Manufacturers, Aviation Financiers, Aircraft Lessors, Engine/APU/LG Lessors, Airlines, ACMI Operators, Aviation Engineering and Aviation Insurance Companies.

For further information, visit our websites for AMM and tSt Aviation.
